

Stroller™ & Sprint™

Liquid Oxygen Portables

CAIRE's lightweight, sleek, liquid oxygen portables provide ambulatory oxygen therapy patients with a worry-free, and user-friendly system designed to fit easily with the contour of the body.

Stroller™ and Sprint™ are designed to maximize patient convenience and confidence. Patients can easily read the LED meter and quickly perform fill operations themselves. The comfortable easy-grip strap allows for shoulder or hand carrying and is removable for cleaning.

Stroller and Sprint models are available with all popular connectors, to allow for utilization of your existing liquid system inventory. Both models are backed by CAIRE's five year vacuum warranty.

Stroller™ & Sprint™
